

NEW FEATURE: Last Visit

October 2023

Last login date for when specific users last accesses the portal is shown directly in the User Management menu

BENEFITS FOR ADMINISTRATORS

- Identify individual users for high or low frequency of accessing portal for reports.
- Insight for managing user expectations and available total user count

The screenshot displays the 'Users' management page. At the top, there is a search bar labeled 'Find by User Name:' with a search button and a 'Remove Search' button. Below the search bar is a table with the following columns: 'User Name', 'Admin', 'Report Sharing', and 'Last Login'. The 'Last Login' column is highlighted with a red box and a red arrow pointing to it. The table contains six rows of user data, each with a set of icons for user management actions.
